

Our Place Summer School

Parental Consent

for Administering of First Aid and Medicine and for the Taking of Photographs

Camper(s) name(s): _____

Dear Parent or Guardian,

Campers with a serious illness or contagious disease may not attend camp. If a child becomes ill while at camp, our staff will contact their parent/guardian for pickup. The camper will wait with camp staff until s/he is picked up. It is Biocitizen's policy to have, for every 6 campers, a Red Cross – certified pediatric first responder. In the event of an emergency that requires paramedics, our first responder will call 911 and stabilize a camper's condition until medical professionals arrive at the scene.

Your signature here indicates that you will permit our Red Cross –certified pediatric first responder to stabilize a camper's condition until medical professionals arrive at the scene:

At the request of the parent/guardian, our Red Cross –certified pediatric first responder will administer prescription medicine (including that which needs refrigeration and is stored in a cooler) to a camper. Prescription medicine will be kept in the First Aid kit, in its original container with pharmacy label, date, pharmacy name and address, the serial number of the prescription, the name of the camper, the prescribing practitioner, the name of the prescribed medicine, directions for use and cautionary statement, if any, and if tablets or capsules, the number in the container.

Your signature here indicates that you will permit our Red Cross –certified pediatric first responder to administer prescription medicine to your camper:

Biocitizen would appreciate your permission to take pictures of your camper as we investigate natural and cultural history for use in our non-profit educational, public relations, and grant-writing initiatives.

Your signature here indicates that you will permit Biocitizen to do this:
